

## POLYMER PRODUCTS

Troughs for pigs and feed tables for cattle

The special material composition and state-of-the-art manufacturing technologies provide the ACO polymer concrete outstanding quality:

- Continuous homogeneous material, no coating abrasion
- Resistant to heavy mechanical loads
- Hygienically smooth surfaces, low joint content
- Very high dimensional accuracy and longevity

Outstanding quality of the ACO Funki polymer concrete ensures long durability

## Troughs for pig farming

ACO Funki troughs are designed for every age, weight class and production direction.

## Troughs for cattle

ACO Funki cattle troughs are adapted to the special physiology of the cattle feed intake.

## ACO Funki special troughs
