HERDING BOARDS

Practical PE boards in three different sizes

HERDING BOARDS - DIMENSIONS

Item no.	Description
560460	Herding board 460 x 770 mm
560470	Herding board 970 x 770 mm
560410	Herding board 1210 x 770 mm

The herding boards are designed to move the animals in the stable and in the corridors. The boards are light weight and have grips in the side and top for easier handling.

The herding boards come in three different sizes, and are ideal for several purposes and places on the farm.

The herding boards are made from durable Polyethylene (PE), and are molded in one piece, thereby avoiding cracks and joints where dirt and bacteria can accumulate.
