FUNKI INTELLIGENT HEAT LAMPS

Keep your piglets warm with minimum energy consumption

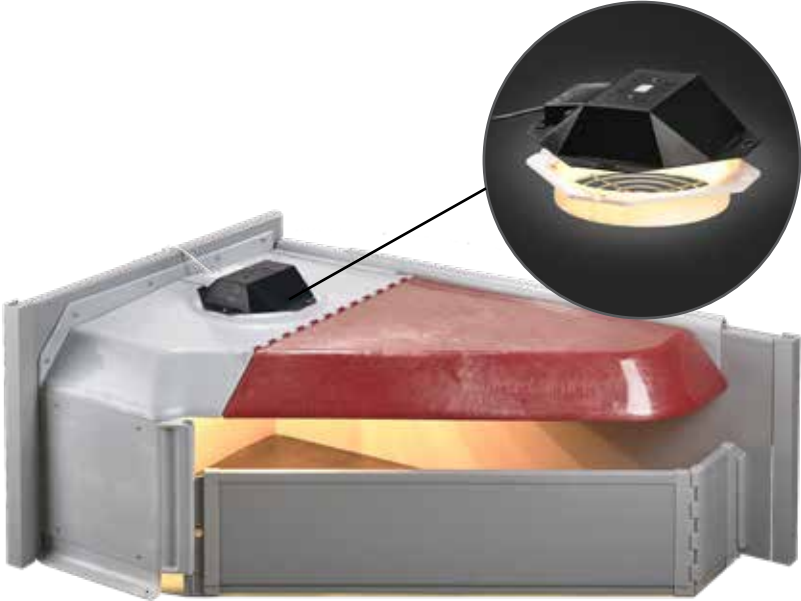

SAVE UP TO 80% OF HEAT ENERGY

At every stage of a piglet's life, proper temperature regulation is essential to their health and well-being.

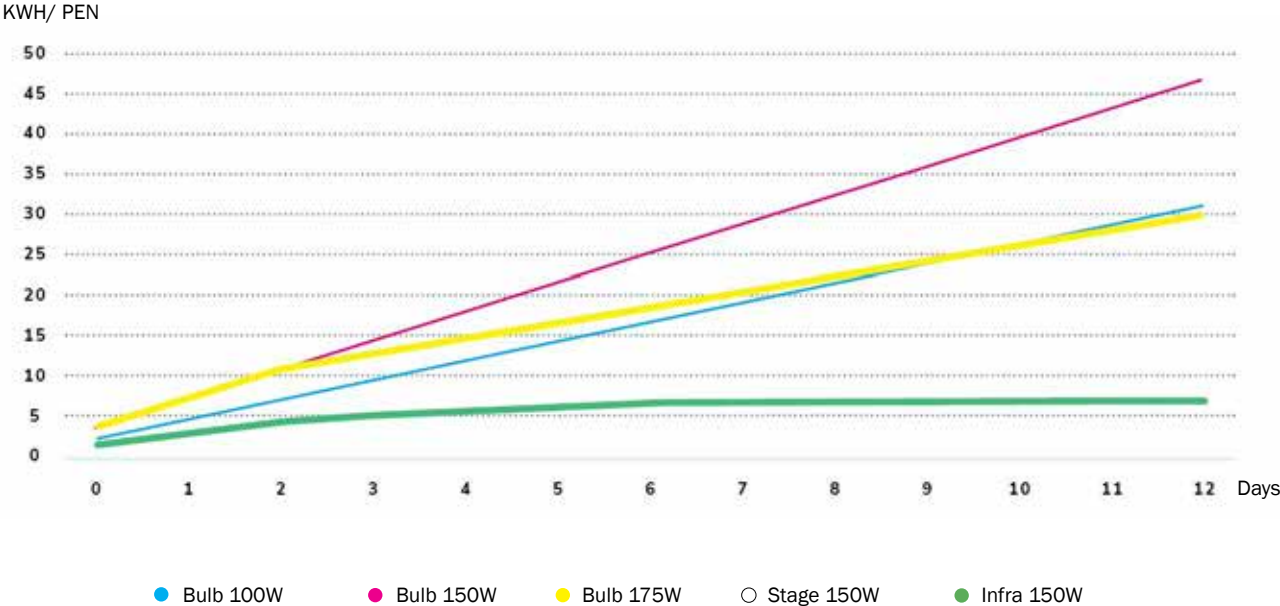

That's why we offer our intelligent heat lamps for piglets, designed to keep them warm and comfortable while providing optimal energy efficiency.

The lamps feature energy-saving capabilities, which means they can save you up to 80% of heat energy* than traditional heat lamps.

This means you'll not only be providing the best possible environment for your piglets, but you'll also be saving on your energy bills in the long run.

AVERAGE POWER CONSUMPTION

As you can see in the graph, you can save up to 75 kWh/Pen in 23 days by using an INFRA lamp compared to the regular 175W bulb.

FUNKI INTELLIGENT HEAT LAMPS

Three options - CLASSIC, STAGE AND INFRA

CLASSIC

Standard 150W washable heat lamp.

Article no. 9971100

STAGE

Simple, magnet-regulated heat lamp (ON/OFF/50%).

Article no. 9971101

PILOT LIGHT*

INFRA

This heat lamp contains infra-red technology. The lamp maintains optimal temperature in the resting area by measuring the surface temperature. Regulating magnet and NFC.

Article no. 9971102

PILOT LIGHT WITH INFRA-RED SENSOR*

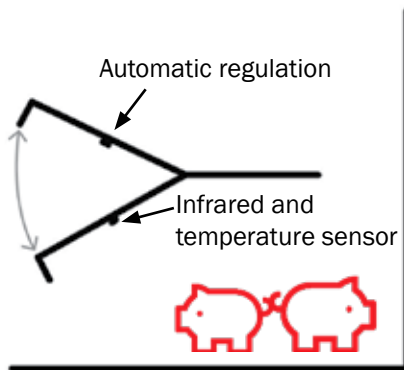

*Comes for free with a lamp.

FUNKI INTELLIGENT HEAT LAMPS

Keep your piglets warm with minimum energy consumption
